PROFESSIONAL SUMMARY

Mobile & Full-Stack Developer with hands-on experience building and deploying scalable production applications using Flutter, Firebase, Node.js, and MongoDB. Strong foundation in Data Structures, REST API design, and backend architecture. Experienced in shipping live products, handling real-world users, and optimizing performance in production environments.

TECHNICAL SKILLS

Programming Languages:

Java, Python, JavaScript, Dart

Mobile Development:

Flutter, Firebase (Authentication, Firestore, FCM)

Backend Development:

Node.js, Express.js, REST API Design, Authentication Systems

Databases:

MongoDB Atlas, MySQL, Firebase Firestore

Core Computer Science:

Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems

Tools & Platforms:

Git, GitHub, Postman, Firebase Console, Google Play Console

PROJECT EXPERIENCE

FreshGa – Grocery Ordering Mobile Application (Flutter + Firebase)

- Developed and deployed a production-ready grocery ordering mobile application using Flutter.
- Implemented secure user authentication and real-time database integration using Firebase Auth and Firestore.
- Designed scalable product catalog, cart management, and order processing workflows.
- Integrated push notifications (Firebase Cloud Messaging) for real-time order updates.
- Managed Play Store deployment, version releases, and production bug fixes.
- Optimized UI performance and state management for smooth user experience.

AI-Powered Security-Aware Self-Healing CI/CD Pipeline

Tech: GitHub Actions, Python, DevOps, CI/CD

- Engineered a security-aware CI/CD pipeline to detect vulnerable dependencies during build time.
- Built a Python-based rule engine to analyze vulnerability severity and trigger automated remediation workflows.
- Developed a self-healing mechanism that auto-upgrades insecure dependencies and re-executes failed pipeline stages.
- Automated security reporting and reduced manual intervention by ~30–40% through remediation automation.

WORK EXPERIENCE

AI & Machine Learning Virtual Internship – SmartInternz & APSICHE

May 2025 – July 2025

Java Programming Trainee – Techno Towers Pvt. Ltd.

June 2022 – August 2022

EDUCATION

B. Tech – Computer Science & Engineering (AI & ML)

Sheshadri Rao Gudlavalleru Engineering College

2023 – 2026 | CGPA: 7.54

Diploma – Computer Engineering

AANM & VVRSR Polytechnic College

2020 – 2023 | CGPA: 8.87
